

Proposition 4

Climate Resilience Bond

Key Investment Areas:

- Safe Drinking Water, Drought, Flood and Water Resilience - \$ 3.8 Billion
- Wildfire and Forest Resilience - \$1.5 Billion
- Coastal Resilience - \$1.2 Billion
- Extreme Heat Mitigation - \$450 Million
- Protecting Biodiversity and Accelerating Nature-Based Climate Solutions - \$1.2 Billion
- Climate Smart, Sustainable & Resilient Farms, Ranches, & Working lands - \$300 Million
- Park Creation & Outdoor Access - \$700 Million
- Clean Air - \$850 Million

Water Investments

Overview:

\$1,885,000,000

Water supply and water quality

\$1,140,000,000

Flood and Stormwater Management

\$605,000,000

Watershed Resilience

- Safe Drinking Water- \$610 Million
 - Water quality monitoring and remediation of PFAS
 - Improve affordability of safe drinking water
 - Prevention of contamination of groundwater
- Flood Management Projects - \$550 Million
 - Additional \$450 million to address coastal flooding
- Water Reuse & Recycling - Over \$386 Million
 - Potable and nonpotable recycling projects
 - Dedicated distribution infrastructure to allow use of recycled water
 - Grant funding requirements for large-scale water recycling or reuse projects

- Dam Safety - \$480 Million
- Groundwater Storage, Banking, Conjunctive Use, Recharge - Over \$585 Million
 - Over \$193 Million for storage and banking
 - Over \$193 Million for conjunctive use and recharge
 - Land Repurposing for SGMA Compliance
- Multiple-benefit urban stormwater management projects - \$110 Million
